Spiritualists to Talk to the Dead.

CONSUL RYDER ADMITS HIS GUILT.

Caprivi Will Resign.—Cholera and Smallpox.—Torres in Hock.—Post-office Troubles.

Special to the APPEAL

An Uncanny Service.

New York, August 10.—A singular sight was witnessed in Oakdale Cemetery yesterday when a party of Jersey City Spiritualists came to commune in broad daylight with departed spirits. It was their annual visit. They were Mrs. Strant, Mrs. Helen Reid, Frank Randolph and Lewis Reid. A dozen invited guests awaited their coming seated on tombstones.

Weird performances akin to the supernatural were inaugurated. The spirits of various dead persons, the names by which they were known when in the body being suggested by those present, were called upon and duly communed with. Answers to questions propounded by members of the circle were given through the mediation of a medium, and many such uncanny doing were seen in the course of the service.

Confessed His Guilt.

Copenhagen, Aug. 10.—Henry S. Ryder, United States Consul, has confessed to embezzling 200,000 kroner. He states that he produced false receipts and induced his wife to make false statements in Court. Mrs. Ryder is under arrest, but will probably be released.

Copenhagen, August 10.—United States Consul Ryder, who was recently arrested at the instance of a man who claimed that he withheld a letter transmitted through him from America, was formally examined to-day. He made a partial confession of the irregularities with which he has been charged.

Murdered By Indians.

El Paso, Texas, Aug. 10.—A Deering special says intelligence has been received of the murder of Lee Hodgdon, the 21-year-old son of J. B. Hodgdon of this town and a Mexican named Escantala, whose bodies were found near Hatchita yesterday. A band of fifteen renegade Indians from San Carlos Reservation have been running at large for several weeks, committing many depredations, and it is said by well-posted settlers that they are undoubtedly the murderers.

Caprivi To Resign.

Berlin, August 10.—A report, as yet unconfirmed by official or semi-official authority, to the effect that Chancellor Caprivi is about to resign is again current. This action is said to be owing to a difference of opinion with the Emperor as to the Bismark crisis. It is said that Prince Hatzfeldt-Widenburg, now the German Ambassador in Great Britain, will be his successor.

A Terrific Storm.

Canby, Minn., August 10.—A terrific storm of wind and hail prevailed here last night. Crops were destroyed in a strip five miles wide. The Canby Gun Club was overtaken on the prairie and badly beaten by hail. Some of the members are missing.

Stop the Deal

Waslin, Aug. 10.—A dispatch has been received stating that a law has been found in title of San Francisco Post Office site and a king the department of justice to delay the payment for the land until an investigation can be had.

The Cholera Scourge.

St. Petersburg, Aug. 10.—Advices from Theren show that cholera is increasing in virulence. The deaths now average sixty daily. On Sunday in entire Russia 4,161 new cases were reported. On the same day 2,177 died.

Smallpox in New York.

New York, Aug. 10.—Sporadic cases of smallpox continue to be reported in this city, and this morning there were two deaths from the disease. The officers of the health department say that there is no danger of the disease spreading.

Torres Captured.

San Diego, Aug 10.—Francisco Torres the murderer of Capt. McKelvey of the Modjeska ranch was captured at Mesa Grande by Constable Wood.

THE ENCAMPMENT.

The Boys in Blue Must Toe the Mark.

The annual encampment to commence on the 22nd of August and continuing to the 28th will be something our soldier boys are not accustomed to. The camp will be pitched in Treadway's meadow, near the rifle range, and military discipline will be the order of the day.

Very little advancement will be made the first day, as the trouble of organizing will take up the greater part of it.

The next morning however, will bring the sound of the 5:30 gun to the ears of some very tired young fellows, and the still morning air will circulate through their beards, when they arise to wash in cold water and dress in their tents.

Then comes breakfast and the drill after that, occasionally interrupted with slight bursts of hilarity, when the commanding officer is out of sight.

The pent up feelings of the young fellows will bring them many a serious look from the commanding officers, but they will take all things into consideration, and good humor will doubtless prevail.

In the afternoon all the toil of the tiresome forenoon will be forgotten and done away with, for then the dress-parade takes place.

If the commanding officer is good natured he will allow the boys to stand inspection at the hands of the ladies. They will look top notch in regalia, and every one of them has sworn to stand up straight and never smile.

Camp life will be followed out to the end, and visitors will be allowed to file in once in a while.

The feature intended to prostrate the regiment is the 10 o'clock order when all hands, but the sentinels, must be neatly tucked in their little cots, to await the booming of the breakfast gun.

Of course it will be hard to get used to this early retiring, but it has to go all the same.

Just think boys, as you will lay between your blankets, and wonder how it would be best to play, if you were down town with a hand of two aces and a pair of queens, and \$27.50 in the pot, or what a nice pleasant time you could be having telling your best girl about the moon, stars, etc. Really it's too bad, but still it's a fine thing in the end, and ought to become popular.

A young lady was heard to remark recently:

"Well I'm glad of the early retiring movement at the encampment, it will give George such a good chance to catch up on lost sleep. Why the poor boy looks tired all the time."

Battery A and its band will be in attendance, so that good music will constantly be on tap.

The money appropriated for last year's encampment, \$5,000 has been added to this year's appropriation and it will be a magnificent affair throughout the week.

The grounds will cost \$180.00 and if the people of Carson, where considerable money will be spent, should subscribe this amount it would be of considerable assistance.

Let everybody stand in and help the boys who maintain America's standing army without a dime of compensation.

The following Regimental Officers were selected yesterday, at a meeting held in the Governors office:

Colonel, F. C. Lord, Virginia City; Lieutenant Colonel, Wm. Sutherland, Virginia City; Major, Phillip Ruber, Tuscarora.

A FREE THINKER.

And the Gentleman's Name is Dennis.

James F. Dennis, a lifelong Republican and prominent lawyer of Lander county, has joined the People's party. His reasons for doing so are given in the following communication which is published in the Austin Advocate:

BATTLE MOUNTEIN, Nev., August 1, 1892.

Hon. J. R. Williamson, Chairman of the Republican County Central Committee, Austin, Nevada. DEAR SIR: Having severed my connection with the Republican party, I herewith tender my resignation as a member of the County Central Committee.

Though loath to give up my old love, I am convinced that she has become the tool of Wall Street, the tool of the money leaders and usurers; that in her endeavor to hold control of the Government she has prostituted herself and trampled upon every principle that once endeared her to the people, and that she is no longer worthy of my confidence and support, and as no man can serve two gods at the same time, I leave the old party to her destiny. I have cast my lot with the party that favors the interest of the large majority. I am henceforth a member of the People's party.

Respectfully yours,

JAMES F. DENNIS.

Yet after such explanation as the above the old barnacles of the two once great parties call members of the People's party, floppers. It would be a good rare thing to see some of them yank the collar off their necks leave the rotten ranks and become men of the people instead of slaves of corporations and rings.

ALL SORTS.

Earthquakes are giving Berlin the shake.

Yesterday light showers knocked out considerable dust.

John Rogers of Wellington, was in the city yesterday.

Abe Feder the shoe man came in to town with a pretty good pair on last night.

Al. Helms of Reno was in Carson yesterday at the election of regimental officers.

The APPEAL is informed that Miss Lillie Wright was named as a legatee in her step-father's will, to the extent of \$500 when she marries.

When Weaver is elected he can tell the people of the East that he went into the heart of the greatest silver producing state of the Union Nevada, instead of going around it as Ben Harrison did in his western tour.

Cagwin & Noteware have always been held in such high respect by their old customers that it certainly pays new ones to inspect their goods and allow them at length to explain everything in sight as the gentlemen in charge take pleasure in gratifying visitors.

Wade Loofbourrow and wife and her two little sisters, Miss Laura Noonan and Johnny McCrimmon left yesterday for an outing in the mountains. They will visit Yanks, Glen Ellen Springs, Lake Valley, Woodfords, Silver Lake, Big Trees and other points around Placerville and will return via Shippory Ford, Strawberry Valley and Lake Tahoe.

Anti-Silverites in Europe.

London, Aug. 10.—Calcutta papers in view of the alarming fall in rates of exchange urge the Government to immediately close the mints to the free coinage of silver.

Cruisers Congregating.

Vallejo, Aug 10.—The cruiser Boston will leave Mare Island Navy yard tomorrow at 1 o'clock to join the Charleston at San Francisco from which point they proceed to Santa Cruz.

Lost—A lady's gold watch chain, set with diamonds. The finder will be rewarded by leaving it at this office. jy18w
